nurturing a lifetime of music

**Ding-Dong** for 3 + 4 year olds

Ding-Dong children are now ready to learn to read music! Building on their Monkey Music foundation of rhythm, pitch, tempo and melody they now make the connection between music that they hear with music that they read. This is a huge milestone and paves the way for a bright musical future.

**Jiggety Jig** for 2 + 3 year olds

These older toddlers are keen to get to know each other! Playful Monkey songs and absorbing activities focus on building imagination and developing social skills. Important musical skills such as rhythm and pitch are practised in the Monkey Music Band.

**Heigh-Ho** for toddlers from 12 months

Our Heigh-Ho children are up on their feet and raring to go! Catchy songs and up beat sounds get everyone in the mood for dancing and singing. Language development mirrors the tuneful Monkey world.

**Rock'n'Roll** for babies from 3 months

Babies are very receptive to musical learning and can remember musical sequences and detect changes in pitch, melody and rhythm. Share precious time with your child; your close bond will play an important part in their future emotional and intellectual development.

# GROWING UP

in tune with Monkey!

"I was delighted and impressed ... and cannot recommend such activity highly enough. The sessions have a valuable part to play in terms of children's development"

Duncan Case, Child Psychologist

## **New music group for your little monkeys**

Monkey Music, a multi award winning pre-school music group is opening in Hitchin, Letchworth, Knebworth and Biggleswade, Orchard Centre in September. It will also come to Baldock in January. Classes will be launched by Katherine, a professional violinist who performs with the BBC Symphony and Royal Philharmonic Orchestras. She feels so passionately about introducing young children to music, making it exciting and inspiring as well as being educational.

Monkey Music has a unique, teaching curricula, written by professional musicians. It offers a progressive 4 stage curricula where children are grouped according to age. Catchy songs are mixed with a multitude of specialist instruments, in addition to magical props, enticing puppets, bubbles and fun activities. The classes are not just about music but support important developmental language, physical and social skills. Monkey Music classes are designed to prepare children for their next musical steps, which may include learning an instrument.

**OPEN DAYS** offering **FREE** taster sessions will be on the 10<sup>th</sup> September in Knebworth, 11<sup>th</sup> September in Biggleswade, 12<sup>th</sup> September in Letchworth, and the 13<sup>th</sup> September in Hitchin, Fairfield Park.

**Please contact Katherine on 01462 626735 or**

**[Baldock.hitchin@monkeymusic.co.uk](mailto:Baldock.hitchin@monkeymusic.co.uk)** to book one of these fun days!

**[www.monkeymusic.co.uk](http://www.monkeymusic.co.uk)**

Weekly classes will then start the following week.
